ILHOM OMONOV

FRONTEND DEVELOPER

Email: fxomonov96@gmail.com   Telegram: @Ilhom_Omonv

GitHub: https://github.com/Omondev

OBJECTIVE

After completing the frontend course, I realized that not only creating beautiful designs but also writing well-structured, scalable, and easily understandable code is crucial. In every project, I strive to develop solutions that are convenient not only for users but also for future developers.

HARD SKILLS

HTML, CSS, SASS, Tailwind CSS
Bootstrap, JavaScript, TypeScript, Git
GitHub, Next.js, React.js, RTK Query
Redux Toolkit, Material UI, Ant Design

LANGUAGE

Uzbek - Native

English - B1

EDUCATION

Najot Ta'lim - Frontend Development Course

PROJECTS

eComers   https://github.com/Omondev/CLOTH

This is an e-commerce platform where users can browse and purchase clothing items. The project is built using React.js, Redux Toolkit, and Tailwind CSS for styling.
